PRODUCT DESCRIPTION

Starting as low as \$50/ft [Fully Installed](#) the Osgoode offers a more modern style of picket fence.

"Concave" refers to the shape of the curve on top of the fence. If the the arc is higher in the center than at the posts it's convex. If the arc is lower in the center than at the posts it's concave.

The example above shows a concave scalloped cedar Osgoode fence with gothic caps, installed stepped to grade.
